

Demystifying Agile

Sriram Narayan

Are you mystified?

2 things

- Agile Metrics
- Agile Documentation

Go easy on Metrics

“If you can't measure it, you can't manage/improve it.”

- attributed to Deming

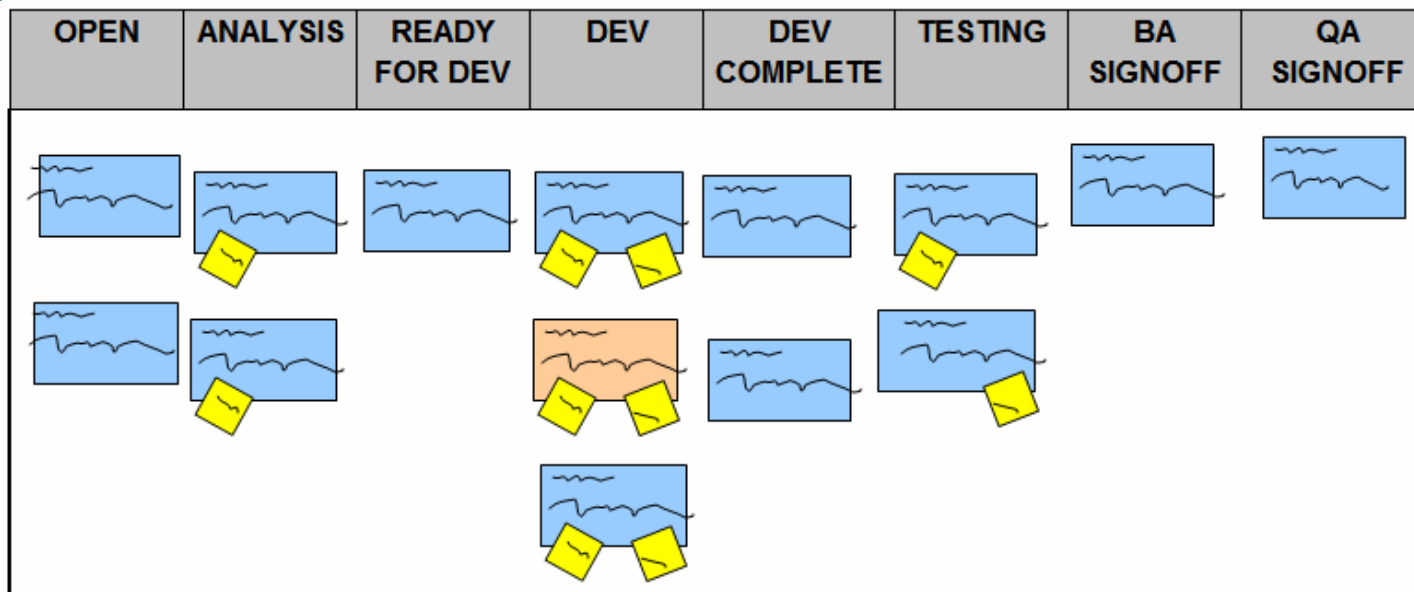

“Not everything that counts can be counted;
and not everything that can be counted counts.”

- attributed to Einstein

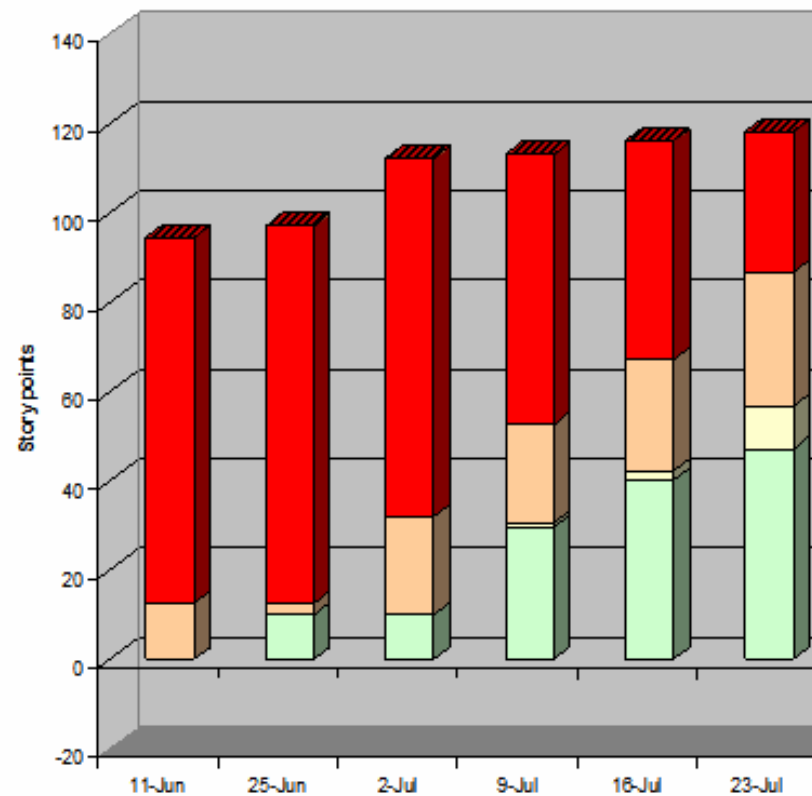

Agile project tracking

- Release Plan
- Card Wall
- Velocity
- Burndown charts

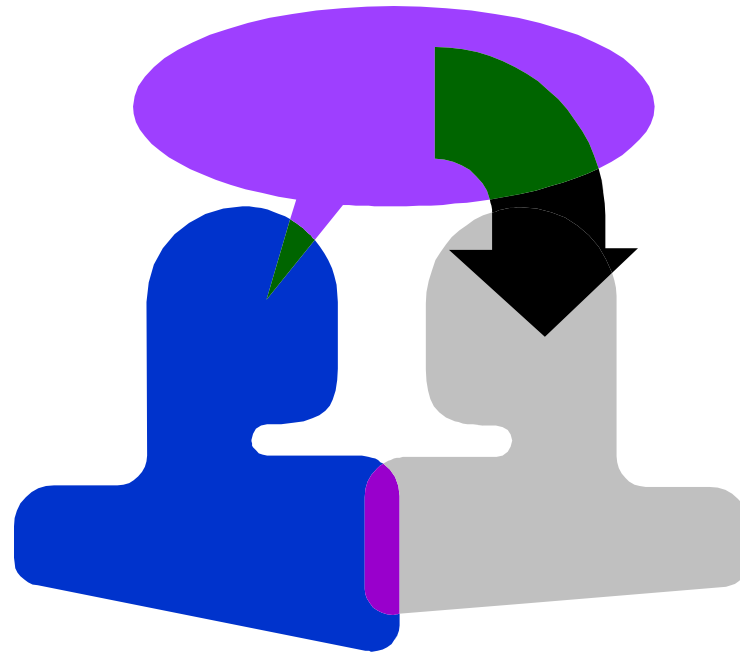

Card Wall

Burn down charts

Documentation is an intermediary

Just Enough Documentation

- Three useful questions
 - Cost of producing?
 - Cost of maintaining?
 - Cost of NOT producing?
- Unit tests
- Use technology for traceability
